

EARTH SCIENCE
Geography 1710 - 003
TuTh 9:30am-10:50am
Fall 2020

Instructor: Dr. Feifei Pan

Office: ENV 210E

Phone: 940-369-5109

Email: feifei.pan@unt.edu

Online Office Hours: TuTh2:00 PM - 4:00 PM (Zoom link: <https://unt.zoom.us/j/91774060079>, passcode can be found at the class website at Canvas) or by appointment

Live Stream Class Zoom Link: <https://unt.zoom.us/j/93923796380> (Passcode can be found at the class website at Canvas.)

Class Website: All lecture slides, recorded lectures, and announcements will be posted at the UNT Canvas.

Course Description:

Geography 1710 is an introduction to the interactions of the atmosphere, hydrosphere (lakes, oceans, rainfall, rivers), lithosphere (rocks, soil), and biosphere (animals, plants and humans). The purpose of this course is to provide a foundation for the discipline of Geography.

Recommended eText:

Christopherson, R. W., 2017. Pearson eText for Geosystems, An Introduction to Physical Geography, 10th Edition, Pearson. The eText link is: <https://www.pearson.com/store/p/geosystems-an-introduction-to-physical-geography/P100000112983>

Grade:

Four exams and attendance count for 70% of the grade. Attendance to the live stream class is required and checked. Absences can be excused if the excuse notes are emailed to me ahead of time. To encourage student participation, a student will obtain one point if he/she answers one question correctly in class. One point is equal to 0.1 actual extra points that will be added to the student's final overall grade. To help students prepare for the tests, a review sheet will be distributed after each chapter, and a review session will be given before each test. The final exam will not be comprehensive. All exams will be online, closed book and closed notes tests and have three types of questions: multiple-choice, True/False, and fill in the blank. All students must take the final exam. Lab counts 30% according to your lab instructor's policy. All grades for the course will be final. No assignments or work will be considered after the final grade has been recorded. Weights for all assessments are given as follows: **Exam 1 = 10%, Exam 2 = 12%, Exam 3 = 18%, Final Exam = 20%, Attendance = 10%, Lab = 30%.** Course grades will be assigned according to this scale: A=90-100, B=80-89, C=70-79, D=60-69, F: < 60. A curve might be applied if the class average is lower than expected.

Additional Information:

Makeup exams will be given only with type written request and supporting documentation, otherwise a "0" will be assigned. Inform me of your absence before or within 48 hours after the examination date by e-mail. I will need specific, written documentation to verify the nature and legitimacy of your absence.

Policy on incomplete:

An incomplete will be given only in the case of: (1) the student is passing the course; (2) has justifiable reason why work cannot be completed; (3) arranges to complete all work within one year of the ending date of the course in which the student was enrolled.

Academic Misconduct:

Students caught cheating or plagiarizing will receive a "0" for that particular assignment or exam. Additionally, the incident will be reported to the Office of Student Rights and Responsibilities for further penalty. According to the UNT catalog, the term "cheating" includes, but is not limited to: (a) use of any unauthorized assistance in taking quizzes, tests, or examinations; (b) dependence upon the aid of sources beyond those authorized by the instructor in writing papers, preparing reports, solving problems, or carrying out other assignments; (c) the acquisition, without permission, of tests or other academic material belonging to a faculty or staff member of the university; (d) dual submission of a paper or project, or resubmission of a paper or project to a different class without express permission from the instructor(s); or (e) any other act designed to give a student an unfair advantage. Altering a returned test and claiming a grader or scanning machine made an error is also considered cheating.

The term "plagiarism" includes, but is not limited to: (a) the knowing or negligent use by paraphrase or direct quotation of the published or unpublished work of another person without full and clear acknowledgment; and (b) the knowing or negligent unacknowledged use of materials prepared by another person or agency engaged in the selling of term papers or other academic materials.

Classroom Guidelines:

As a college student, you are considered a responsible adult. Your enrollment indicates acceptance of the University of North Texas college code of student conduct.

Please follow these guidelines to avoid disrupting the class:

- (1) Turn off cell phones.
- (2) Do not arrive late or leave early (except for a bathroom break or emergency).
- (3) Do not sleep or eat during class.
- (4) Do not work on other assignments during class.
- (5) Do not talk when the instructor is lecturing, unless prompted for feedback by the instructor.

Laboratory:

Refer all lab questions to your lab instructor.

ODA:

The Department of Geography, in cooperation with the Office of Disability Accommodations, complies with the Americans with Disabilities Act in making reasonable accommodations for qualified students with disabilities. Please present your written accommodations request before the 12th class day.

SPOT:

The Student Perceptions of Teaching (SPOT) is a requirement for all organized classes at UNT. This short survey will be made available to you at the end of the semester, providing you a chance to comment on how this class is taught. I am very interested in the feedback I get from students, as I work to continually improve my teaching. I consider the SPOT to be an important part of your participation in this class. To increase the participation rate of the SPOT, every student who completes a SPOT and forwards the confirmation email of the completion of the SPOT evaluation to feifei.pan@unt.edu will receive **one actual extra point** toward his/her final overall grade.

CLASS SCHEDULE

DATE	TOPIC(s)	Reading Assignments
Aug. 25 - Sep. 22	Ch.1 Introduction, Essentials of geography Ch.2 Solar Energy and Seasons Ch.3 Earth's Modern Atmosphere Ch.4 Atmosphere and surface energy balances Ch.5 Global Temperatures Ch.1-Ch.5 Review Session on Sep. 17 Exam 1 on Sep. 22 (covering parts of Ch.1-Ch.5)	eText: 1-4
Sep. 24 - Oct. 20	Ch.6 Atmospheric and Ocean Circulations Ch.7 Water and Atmospheric Moisture Ch.8 Weather Ch.9 Water Resources Ch.10&11 Global Climate Systems and Climate Change Ch.6-Ch.10&11 Review Session on Oct. 15 Exam 2 on Oct. 20 (covering parts of Ch.6-Ch.10&11)	eText: 5-10
Oct. 22 - Nov. 10	Ch.12 The Dynamic Planet Ch.13 Tectonics, Earthquakes, and Volcanism Ch.14 Weathering, Karst Landscapes, and Mass Movement Ch.12-Ch.14 Review Session on Nov. 5 Exam 3 on Nov. 10 (covering parts of Ch.12-Ch.14)	eText: 11-13
Nov. 12 - Dec. 10	Ch.15 River Systems and Landforms Ch.16 Oceans, Coastal Systems, and Wind Processes Ch.17 Glacial and Periglacial Landscapes Ch.18 The Geography of Soils Ch.15-Ch.18 Review Session on Dec. 3 Final Exam on Dec. 10, 8:00am-10:00am (covering parts of Ch.15 -Ch.18)	eText:14-18

This syllabus is definitely subject to change at anytime during the semester.

Check the class Canvas website and your UNT email frequently for changes that may occur due to weather, or other unforeseen events.
